In support of this Application, the Deputy Receiver would show the Commission as follows:

**I. REQUEST FOR RATIFICATION OF ACTIONS TAKEN HERETOFORE IN CARRYING OUT THE LIQUIDATION ORDER**

1. On June 12, 2008, pursuant to paragraph (3) of the Liquidation Order, the Deputy Receiver: (a) filed the Report of Deputy Receiver, advising the Commission of the receipt of an actuarial projection that HOWIC had sufficient assets to satisfy its liabilities and to declare a dividend to HWC sufficient to satisfy its liabilities, including the refund of all vested capital contributions;<sup>5</sup> and (b) issued the Seventh Directive of Deputy Receiver (Implementing the HOWIC

2. On October 29, 2008, the Deputy Receiver posted, on the receivership web site ([www.howcorp.com](http://www.howcorp.com)), an Update Regarding Implementation of Plans of Liquidation for the HOW Companies.

3. Subsequent to the expiration of the Bar Date on January 12, 2009, the Deputy Receiver began issuing determinations of the claims submitted, adjudicating appeals, and paying in full the approved claims of policyholders arising out of the HOW Companies' insurance contracts pursuant to Va. 7. On October 21, 2014, the Deputy Receiver consented to the dissolution of HOWIC and signed HOWIC's articles of dissolution. On October 30, 2014, the Deputy Receiver filed HOWIC's articles of dissolution with the Commission. The Commission issued a certificate of dissolution for HOWIC, effective November 18, 2014.

9. HOWIC's liquidation was completed in 2014, and this Commission issued HOWIC's certificate of termination effective February 11, 2015.

10. On March 2, 2015, pursuant to paragraph (5) of the Liquidation Order, the Deputy Receiver issued the Deputy Receiver's Eighth Directive (Implementing HOW/HWC Plan of Liquidation).<sup>9</sup>

12. On March 23, 2015, the Deputy Receiver posted, on the receivership web site, an Update Regarding Implementation of Plans of Liquidation for the HOW Companies.<sup>10</sup>

15. As of September 11, 2015, the Deputy Receiver had completed paying all approved claims filed before the Bar Date, plus interest.

16. In the Deputy Receiver's discretion pursuant to the Residual Assets Allocation Memorandum, as modified and approved by the Liquidation Order,<sup>13</sup> the Deputy Receiver determined that: (a) the Main Distribution of Residual Assets would be the ultimate distribution and

<sup>13</sup> The Residual Assets Allocation Memorandum was attached as Exhibit A-1 to the Liquidation Application. Paragraph (2) of the Liquidation Order directed that "[w]ith regard to the Distribution of Residual Assets to Builder Distributees, the Deputy Receiver shall modify the Plans of Liquidation to allocate 25% of the assets on a per capita basis, or fixed component, and 75% of the assets based on the profitability contribution, or variable component," versus the 50% fixed component and 50% variable component proposed by the Application for Approval of Plans of Liquidation.

that there would be no interim distributions; and (b) the Main Distribution would be calculated as of the Claims Resolution Date (*i.e.*, December 31<sup>st</sup> of the calendar year immediately following the year in which the last outstanding HOWIC insurance/warranty claim would be finally settled or adjudicated).<sup>14</sup> This would allow for more certainty in the calculation of the allocation of Residual Assets among the Builder Distributees. Because the final HOWIC claim was resolved in 2014, the Main Distribution was calculated as of December 31, 2015, the Claims Resolution Date.

17. As of February 10, 2016, the Deputy Receiver had completed paying all approved claims for refund of vested capital contributions to Eligible Builders, plus interest.

18. On July 26, 2016, Case No. INS-2016-00196, the Deputy Receiver filed an Application for Final Order Approving and Ratifying Record Retention Schedule, which the Commission granted by final order entered in that case on December 28, 2016.<sup>15</sup> Documents continue to be destroyed when permitted under the Record Retention Schedule.<sup>16</sup>

Residual Assets among the Builder Distributees.<sup>18</sup> At page 6 of the Pre-Filed Testimony of Mike R. Parker, then the Chief Financial Officer on a consulting basis with Palomar Capital Partners, L.P., Mr. Parker referenced Exhibit I-4, characterizing it as “[t]he list of Builder Distributees[.]”

25. The Commission held a hearing on the Liquidation Application on May 17, 2005.<sup>19</sup> As Mr. Parker clarified at the hearing, “the list of builders reflected on [Exhibit] I-4 is a changing population[, and] the methodology reflected on [Exhibit] I-4 [is] the methodology that [is proposed to] be used when you finally arrive at the final list of builders and the final amount of residual assets[.]”<sup>20</sup> Because Exhibit I-4 to the 2005 Liquidation Application was a provisional list and illustration of the proposed method of allocating Residual Assets among Builder Distributees, to be finalized on a future date, the Liquidation Application asked the Commission to approve the definition of “Builder Distributees,” as well as the allocation methodology proposed in the Liquidation Application’s Exhibit A-1 (Residual Assets Allocation Memorandum), but did not ask the Commission to approve Exhibit I-4.

26. Exhibit I-4F to this Application is the final list of 22,042 Builder Distributees (by the names and HOW builder numbers as were found in the HOW Companies' records), as well as each Builder Distributee's final percentage allocation of Residual Assets,<sup>21</sup> calculated as of the Claims Resolution Date of December 31, 2015, pursuant to the methodology approved with modification by the Liquidation Order.

27. Of the 6,026 builders who were listed on provisional Exhibit I-4 to the Liquidation Application, it was determined subsequently that 524 of them did not meet the definition of "Builder Distributees," such that they are not listed on this Application's Exhibit I-4F.<sup>22</sup> The other 5,502 builders who were listed on provisional Exhibit I-4 of the Liquidation Application meet the definition of "Builder Distributees" and therefore are also listed on this Application's Exhibit I-4F. Another 16,540 builders listed on this Application's Exhibit I-4F were not listed on the Liquidation Application's provisional Exhibit I-4, but were subsequently determined to meet the definition of "Builder Distributees" based on the HOW Companies' records.<sup>23</sup> Of the 48,262 builders who were enrolled as HOW Builders at some point in the HOW Program, 25,696 others (in addition to the 524

---

<sup>21</sup> As indicated on the last page of this Application's Exhibit I-4F, the individual Builder Distributees' percentage allocations total 100%.

<sup>22</sup> It was determined that provisional Exhibit I-4 had erroneously included those 524 builders because they were builders in good standing as of the date of the Receivership Order, even though they did not meet the definition of Builder Distributees because they were not HOWIC insureds as of the date of the Receivership Order.

<sup>23</sup> It was determined that provisional Exhibit I-4 had erroneously excluded those 16,540 builders because they were not builders in good standing as of the date of the Receivership Order, even though they meet the definition of Builder Distributees because they were HOWIC insureds as of the date of the Receivership Order.

discussed above in this paragraph) were determined not to meet the definition of “Builder Distributees” and therefore are not listed on this Application’s Exhibit I-4F.<sup>24</sup>

28. If approved by final order of the Commission as requested, this Application’s Exhibit I-4F would be the final and exclusive list of Builder Distributees, to whom (or to the legal successors of whom) would be distributed the Residual Assets, as well as any remainder of the Reserve for Final Expenses and Contingencies, pursuant to the percentages shown on Exhibit I-4F.<sup>25</sup> The only revisions to the payee names or percentages permitted after the Commission’s requested final order would be made by the Deputy Receiver based on the receipt, review, and approval, prior to distribution or escheat of a Builder Distributee’s distribution of Residual Assets, of acceptable proof that one or more persons is, or are, the Builder Distributee’s legal successor(s).<sup>26</sup>

29. It is too soon to know what will be the exact combined dollar amount of: (a) Residual Assets to be distributed, and (b) any remainder of the Reserve for Final Expenses and Contingencies available for distribution at a future date pursuant to the same allocation percentages. However,

---

<sup>24</sup> The 25,696 consist of builders who, although enrolled in the HOW program at one time or another, never actually used the program and were never HOWIC insureds, or had been HOWIC insureds at one time but were no longer HOWIC insureds as of the date of the Receivership Order.

<sup>25</sup> All Builder Distributees (or their legal successors) will be required to submit W-9s, and legal successors will be required to submit acceptable proof of their status as legal successors to Builder Distributees. Requests for W-9s have already been mailed to some Builder Distributees, or will be mailed after the Commission’s requested approval of this Application’s Exhibit I-4F.

<sup>26</sup> For example, if a Builder Distributee who was a sole proprietor is deceased, and two heirs were to submit W-9s and acceptable proof that each of them is entitled to 50% of the Builder Distributee’s share of Residual Assets (and of any remainder of the Reserve for Final Expenses and Contingencies), the percentage distributable to that Builder Distributee would be divided in half, one half distributable to each of the two heirs. Proof of legal successorship not timely provided to the Deputy Receiver could subsequently be provided to the appropriate state unclaimed property fund under applicable law.

barring possible contingencies (*e.g.*, assessment by the I.R.S. of additional federal income taxes on open tax years), the total combined amount could be approximately \$90 to \$100 million.

### **III. DISTRIBUTION TO THE BUILDER DISTRIBUTEES, OR ESCHEATMENT, OF RESIDUAL ASSETS AND ANY REMAINDER OF THE RESERVE FOR FINAL EXPENSES AND CONTINGENCIES**

30. Pursuant to paragraph 11 of the HOW/HWC Plan of Liquidation, before distributing any Residual Assets to the Builder Distributees, the Deputy Receiver must first satisfy all liabilities of HWC, HOW, and HOWIC.

31. However, even though the Deputy Receiver will request that the I.R.S., pursuant to Section 6501(d)(2) of the Internal Revenue Code, make a prompt assessment of HWC's federal income tax liabilities for all tax years through the year in which HWC terminates its taxable existence by completing the distribution of *all of its assets*, HWC's federal income tax liability will not be finally assessed until approximately twenty months after it has filed both its final federal income tax return and a request for prompt assessment (for the year in which it completes distributing all of its remaining assets).

32. Any Trust would itself also be a taxable entity and remain so until it had distributed all of the Trust assets. However, federal income tax law does not make provision for a taxable trust to request a prompt assessment of tax liability. Thus, any Trust's final federal income tax return would normally be closed three years after the Trust's final federal income tax return is filed.

33. The Deputy Receiver seeks authority for the Deputy Receiver or the Trustee (if any), if deemed necessary or appropriate, to transfer unclaimed distributions of Residual Assets or of any remainder of the Reserve for Final Expenses and Contingencies to Escrow paid in advance to

distribute them if properly and timely claimed (or otherwise to escheat them when permitted under applicable unclaimed property laws).

34. Under most of the potentially applicable state unclaimed property laws as of the date of drafting this Application, the required holding period before unclaimed property may be escheated is relatively short (two years or less) and/or there is a provision for early escheatment. However, New York and Texas unclaimed property statutes require a holding period of three years with no provision for early escheatment, and Mississippi's unclaimed property statutes require a holding period of five years with no provision for early escheatment.<sup>27</sup> And many distributions in other states would be subject to a one-year pre-escheat holding period without any applicable statutory exception permitting early escheatment. However, it appears that Mississippi and Texas each has an informal practice of permitting early escheatment by holders in liquidation. Moreover, based on experience in a prior insurance liquidation involving many escheatments to the unclaimed property funds of multiple states, many other states without an express statutory provision for early escheatment have an informal practice of permitting it in certain circumstances (*e.g.*, liquidation of the holder of unclaimed property). In an effort to expedite closure of this receivership and the distribution of any remainder of the Reserve for Final Expenses and Contingencies, the Deputy Receiver intends to request permission for early escheatment from the unclaimed property fund administrators of all states that do not statutorily permit early escheatment without need to request permission.

<sup>27</sup> N.Y. Aband. Prop. Law § 501 (2018); Tex. Prop. Code Ann. § 72.101(a) (2018); Miss. Code Ann. § 89-12-13 (2018).

35. Of the last known addresses of the Builder Distributees listed on this Application's Exhibit I-4F, there were more than 150 in New York, more than 3,500 in Texas,<sup>28</sup> and more than 150 in Mississippi, such that the Deputy Receiver anticipates that there will be a significant number of unclaimed pre-trust Residual Asset distributions subject to statutory holding periods of three years or even five years (the latter if Mississippi were to discontinue its current informal practice of permitting early escheatments by holders in liquidation).<sup>29</sup> Thus, the Deputy Receiver expects that, absent any intervening change in applicable law, it could take between one and two years to complete the escheatment of unclaimed distributions of the Main Distribution of Residual Assets if Mississippi continues its informal practices of permitting early escheatment by holders in liquidation, or five to six years if Mississippi were to discontinue that practice (an equal number of years would be required for the escheatment of unclaimed distributions of any remainder of the Reserve for Final Expenses and Contingencies).<sup>30</sup> However, as noted above, the Deputy Receiver would attempt early escheatment of all unclaimed distributions, whether such is expressly permitted by statute with or without request, or as a permitted practice upon request in certain circumstances (*e.g.*, liquidation). This could potentially substantially reduce the total number of years needed to complete the escheatment of unclaimed distributions of both Residual Assets and, some time later, any remainder of the Reserve for Final Expenses and Contingencies.

---

<sup>28</sup> The HOW Companies' principal place of business was in Texas.

<sup>29</sup> But see paragraph 33 regarding current Mississippi and Texas practices of permitting early reporting of unclaimed property by a holder in liquidation.

<sup>30</sup> See also infra, further discussion regarding distribution of any remainder of the Reserve for Final Expenses and Contingencies.

36. Pursuant to I.R.S. rules, a liquidating trust agreement must contain a fixed or determinable termination date that is generally not more than five years from the date of creation of the trust and that is reasonable based on all the facts and circumstances (provided that, if warranted by the facts and circumstances, the term of such a trust may be extended for a finite term). Therefore, the Deputy Receiver anticipates deferring any establishment of a Trust until after the escheatment of all unclaimed distributions of Residual Assets subject to holding periods shorter than three years. This would enable the Trust (if any), within a fixed term of five years, to complete the escheatment of all remaining unclaimed distributions of Residual Assets. Alternatively, in light of the Mississippi and Texas current informal practices of permitting the early reporting of unclaimed property by a holder in liquidation, the Deputy Receiver might consider dispensing with the use of a Trust altogether.

37. The Deputy Receiver (or the Trustee, if any, upon termination of any Trust, or Escrow, if any), would distribute to Builder Distributees, according to the percentages in this Application's Exhibit I-4F, any remainder of the Reserve for Final Expenses and Contingencies, or escheat unclaimed distributions to the appropriate state unclaimed property fund or funds (subject to pre-escheatment holding periods under applicable unclaimed property laws).

38. Paragraph 10 of the HOW/HWC Plan of Liquidation approved by the Liquidation Order provides that the Deputy Receiver shall return to the Commission for further instructions if the amount of Residual Assets were to be so small as to make a distribution impracticable (which will not be the case). However, by this Application, the Deputy Receiver requests prior authorization for the Deputy Receiver (or the Trustee, if any, upon termination of any Trust) to remit to the

Commonwealth any remainder of the Reserve for Final Expenses and Contingencies if the amount thereof is so small as to make its distribution to the Builder Distributees impracticable.

#### **IV. TERMINATION OF LIQUIDATION PROCEEDING**

39. Paragraph (14) of the Liquidation Order provides that, upon completion of the liquidation and termination of the Trust, the Deputy Receiver shall file a request in Case No. INS-1994-00218 for the Commission's approval to terminate and close the receivership proceeding. The Deputy Receiver notes that if, as requested by this Application, the Commission were to give the Deputy Receiver the options of dispensing with the use of a Trust, or using Escrow (in conjunction with, or in lieu of, a Trust), there might never be a Trust to terminate. Therefore, the Deputy Receiver requests that the final order requested by this Application provide that, notwithstanding the reference to termination of a Trust in paragraph (14) of the Liquidation Order, the Deputy Receiver shall file a request in Case No. INS-1994-00218 for the Commission's approval to terminate and close the receivership proceedings when, for reasons such request would explain, the Deputy Receiver believes that the purposes of the liquidation proceeding have been accomplished (whether or not the use of a Trust proves necessary).

#### **V. CONTINGENT HEARING AND NOTICE**

40. The Deputy Receiver requests that the Commission schedule a contingent hearing, to be held only in the event that a Notice of Opposition to the Application is timely filed, for the consideration of the foregoing.

41. The Deputy Receiver requests that all persons opposing the relief requested by the Application be required, no later than thirty (30) days before the hearing, to file with the

Commission, and provide a copy to the Deputy Receiver and all other parties of record, a Notice of Opposition, which shall set forth a full statement of the basis of the opposition, including: (i) a precise statement of the interest of the person; (ii) a statement of the specific relief sought, to the extent then known; and (iii) the factual and legal basis for the opposition.

42. The Deputy Receiver requests that each person filing a Notice of Opposition be required to present their objections at the contingent hearing, or the Notice of Opposition will be deemed withdrawn.

43. The Deputy Receiver further requests that all persons who timely file a Notice of Opposition, and who wish to appear at the contingent hearing in opposition to the Application, be required to file with the Commission and deliver a copy to the Deputy Receiver, no later than twenty (20) days before the hearing, the prepared testimony and exhibits of each witness expecting to present direct testimony in opposition to this Application on that person's behalf, or the Notice of Opposition will be deemed withdrawn.

44. In the event that no interested party timely files a Notice of Opposition, or if no party who timely files a Notice of Opposition timely files the prepared testimony and exhibits of each witness expecting to present direct testimony on that party's behalf in opposition to the Application, the Deputy Receiver requests that the Commission decide upon the merits of this Application without holding the contingent hearing.

45. No later than sixty (60) days before the hearing, the Deputy Receiver proposes to provide written notice by first-class United States mail, in a form reasonably calculated to provide sufficient notice of the hearing to the last known address on the books and records of the HOW

Companies and the Receivership if not known to be inaccurate, of all 48,262 builders who were enrolled as HOW Builders at some point in the HOW Program, whether they meet the definition of Builder Distributees (such that they are therefore listed on this Application's Exhibit I-4F as entitled to the indicated percentage allocation of Residual Assets and of any remainder of the Reserve for Final Expenses and Contingencies), or do not meet the definition of Builder Distributees (such that they are not entitled to any share of Residual Assets or of any remainder of the Reserve for Final Expenses and Contingencies, and therefore are not listed on final Exhibit I-4F to this Application). The proposed mailed notice would provide brief descriptions of this Application, its Exhibit I-4F, and the Scheduling Order, as well as instructions for accessing them on the receivership web site or requesting copies. In addition, the mailed notice would indicate: (a) the builder's name as was found in HOW Companies' records and shown on this Application's Exhibit I-4F; (b) the HOW builder number associated with that builder in the HOW Companies' records and shown on this Application's Exhibit I-4F; and (c) the percentage allocation of Residual Assets (and of any remainder of the Reserve for Final Expenses and Contingencies) indicated on this Application's Exhibit I-4F for that builder name and number combination (if a Builder Distributee), or "Not Eligible" in lieu of any percentage (if not a Builder Distributee).

46. Beginning no later than sixty (60) days before the hearing, the Deputy Receiver proposes to publish notice in a form reasonably calculated to provide sufficient notice to any of the persons described in the preceding paragraph who do not receive direct notice by first-class United States mail, including instructions for obtaining further information. Such notice would be published for at least one day each week for two consecutive weeks in the Richmond Times-Dispatch, The

Wall Street Journal, and USA Today. The Deputy Receiver requests authority to use publication notice, in lieu of notice by first-class United States mail, if the Deputy Receiver reasonably believes that the receivership records do not include an address for any person described in the preceding paragraph that is not known to be inaccurate.

WHEREFORE, PREMISES CONSIDERED, the Deputy Receiver respectfully requests that the Commission enter:

- A. A scheduling order:
  - 1. Providing for a contingent hearing, to be held only in the event that a Notice of Opposition to this Application is timely filed.
  - 2. Establishing response procedures as proposed herein.
  - 3. Approving notice procedures as proposed herein.
- B. After the contingent hearing, or after the deadline for filing Notices of Opposition, if none are filed, a final order:
  - 1. Ratifying the actions and conduct heretofore in this receivership of the Deputy Receiver, his predecessors, the Special Deputy Receiver, and their deputies, counsel, and consultants in furtherance of the ongoing liquidation of the HOW Companies pursuant to the Commission's June 13, 2005, Liquidation Order.
  - 2. Approving Exhibit I-4F hereto as the final list of Builder Distributees to whom to distribute the Residual Assets, as well as any remainder of the Reserve for Final Expenses and Contingencies, according to the percentages indicated in Exhibit I-4F.
  - 3. Authorizing the Deputy Receiver to complete the escheatment of unclaimed distributions of Residual Assets and any remainder of the Reserve for Final Expenses and Contingencies, or to do so through the use of a Liquidating Trust, or Escrow, or by any combination of the foregoing as the Deputy Receiver deems necessary or appropriate, in the manner proposed herein, (including providing that if the Deputy Receiver were to estimate that the costs of distributing any remainder of the Reserve for Final Expenses and

Contingencies pro rata to Builder Distributees would exceed the amount of those remaining assets, those remaining funds shall instead be paid to the Treasurer of the Commonwealth of Virginia).

4. Directing the Deputy Receiver, notwithstanding the reference to termination of a Trust in paragraph (14) of the Liquidation Order, to file a request in Case No. INS-1994-00218 for the Commission's approval to terminate and close the receivership proceedings when, for reasons such request would explain, the Deputy Receiver believes that the purposes of the liquidation proceeding have been accomplished (whether or not the use of a Trust proves necessary).

Respectfully submitted,

Scott A. White, Commissioner of Insurance, State Corporation Commission, Bureau of Insurance, as Deputy Receiver of HOW Insurance Company, a Risk Retention Group, Home Owners Warranty Corporation, and Home Warranty Corporation
